

## Tanglewood Tales – 2<sup>nd</sup> Quarter 2021 (Visit us at [www.eotlakes.com](http://www.eotlakes.com))

**Let's keep it looking good!** Our Estates of Tanglewood community is beautiful. Let's keep it so. Here are a few reminders to help maintain our appearance and property values:

- Many of the lawns in our community are dry, burnt and unsightly. Please tend to your grass and overall landscaping. Your beautiful and expensive homes are not well showcased by a rundown exterior.
- Remember to trim back your trees before the hurricane season arrives. Overgrown trees in a storm pose a great threat to your home and family. Please obey the city ordinances regarding trees. These rules have changed in recent years.
- Remember to make a hurricane plan. Tips can be found on many sites on the internet.
- Please do NOT put out your bulk discarded items until the day before the designated pickup. The trash and debris placed on the curb is a hazard to all of us. Not to mention a great temptation to rats and vermin. Let's look out for each other!

**Need to replace an outdoor feature?** You must request permission from the Architectural Committee. Please download the form at [www.eotlakes.com](http://www.eotlakes.com). All updated approved house colors can also be viewed on this site.

**WE NEED YOUR VOICE AND YOUR HELP!** We need you, our homeowners, to make our little community the best it can be. We need your voice at meetings and we need you to be on our committees. Currently, there is no one on any of our committees. This meant that our current HOA volunteer members, many of whom have served for as long as 10 years, must do double duty to pick up this slack, in addition to managing their own lives and responsibilities. We try very hard to balance the intent as well as the spirit of our bylaws to do the best for our community. However, we are stretched thin. We are thankful for the few who constantly toil to assist. But we need more volunteers! Consider giving a few hours a year to your community. Please contact Nelly Gordillo (see information below).
