Meeting of November 1, 2017

Our Front Gate: We have had a few issues with residents not being able to open the gate from a certain distance. Please note that because the antenna is mounted high, you should press your clicker when you are almost next to the call box. Too far away or too near to the gate will not open it.

Trash Cans: We all want to live in a beautiful community. The trash cans are not the most aesthetically pleasing things. So please do not leave them out after 6 p.m. on garbage pickup day.

Parking: As we all know, parking on the streets at night is a no-no. However, if there are extenuating circumstances and you need special permission for a limited time, contact Nelly our Property Manager at Miami Management. You can reach her at 954-846-7545 or NGordillo@miamimanagement.com. Please give her a few days of advance notice.

Speaking of Parking and Towing: If your car has ever been towed, you know it is not the greatest experience. Please do not leave your vehicle parked on the street at night. Our roadways must be kept clear for emergency situations. So our association employs a neutral third party company that randomly checks our streets and calls the tow company when they see a violation. Put your vehicles in the garage or driveway.

Fallen Fences: Most of us have thankfully come through the recent storms unscathed. Our fences were not so lucky. After 3 months however, many of these fallen eyesores are still on the ground. The broken fences and splintered wood are not only an eyesore but they are a danger to your fellow residents and pets. Be a good neighbor and remove them before something happens.

And now for the good news..... The front gate is the entrance way to our castles. We want to make it beautiful and most of all, make it secure. Your Board is diligently working on this. We have had a few setbacks and spent a lot on city permitting. However, we hope that the finish line is near. We will be happy and relieved to show you the designs once they have been finalized (fingers crossed.)

Come to the next meeting: Thursday, December 14^h, 7:00 p.m. at Dunkin Donuts, 9901 Pines Boulevard, Pembroke Pines 33025. They only last one hour and we would love to have you!

We are all in this together. Consider volunteering for the position of Board Secretary or Board member. Let's serve our community together!
