

## Tanglewood Tales – 3rd Quarter 2021 (Visit us at [www.eotlakes.com](http://www.eotlakes.com))

**It's that time!** Don't forget that we are at the peak of hurricane season. Let's keep our trees trimmed. Overgrown trees in a strong storm pose a threat to our families and our properties.

Speaking of properties, please remember that our homes are our biggest investment. Let's keep our surroundings neat and maintain our homestead values. A few reminders:

- Please tend to your grass and overall landscaping. Many of the lawns in our community are dry, burnt and unsightly.
- Remember to remove your trash bins after the garbage pickup. They cannot be left on the curb for the entire week.
- Dirty driveways have also added to the overall unsightliness of our area. Please pressure clean.
- Please do NOT put out your bulk discarded items until the day before the designated pickup. The trash and debris placed on the curb is a hazard to all of us. Not to mention a great temptation to rats and vermin. Let's look out for each other!

**Need to replace an outdoor feature?** You must request permission from the Architectural Committee. Please download the form at [www.eotlakes.com](http://www.eotlakes.com). All updated approved house colors can be viewed on this site.

**WE NEED YOUR VOICE AND YOUR HELP!** We need you, our homeowners, to make our little community the best it can be. We need your voice at meetings and we need you to be on our committees. We especially need people on the Architectural and Fines committees. We have no one! This means that our current HOA volunteer members, many of whom have served for as long as 10 years, must do double duty to pick up the slack. To put it bluntly, they are unpaid and overworked. Volunteers must manage their own lives and also tend to the welfare of all who live in our community.

We are thankful for the few who constantly toil to assist. But we need more people to serve! Consider giving a few hours a year to your community. For more information, please contact Nelly Gordillo (see information below).

### Board of Directors

Joe Ockerman, President

Audrey Carballo, Vice President/Secretary

Harry Stevens, Treasurer

Linda Elizalde, BOD
